## FERTILIZER

**Project: ENID Nitrogen Plant Expansion**

**Location: Enid, OK**

**Owner: Koch Fertilizer**

**Contractor: Bilfinger**

**MEIS Support/Supplies: April 2022 through May 2022**

- Based in Wichita, KS, Koch Industries, Inc. is one of the largest private companies in America with annual revenues of about \$115 billion. Koch Ag & Energy Solutions manufactures, markets and distributes more than 13 million metric tons of fertilizer products annually. Team worked with Koch Ag & Energy to expand its Enid, OK, Nitrogen Plant.
- The Koch Nitrogen facility in Enid, OK, is one of the largest fertilizer production plants in North America, producing ammonia, UAN (liquid fertilizer) and granular urea.
- Koch has invested more than \$100 million into the facility, including the construction of a 10,000 sq. ft. control facility in 2011; the company is in the process of improvements to existing processes and construction of a new plant at this location.
